

FIFTH ELEMENT

jazz quintet

In classical thought, the four elements are earth, water, air and fire. For the members of this ensemble, the *fifth* element, quintessence or spirit, is captured in the music we perform. Fifth Element features vocalist **Nina Richmond** backed by **Dale Scaife** on piano, **Ron Johnston** on bass, **Glenn Anderson** on drums and **David Coules** on tenor sax. These musicians bring decades of experience from rich diverse backgrounds to performance within the jazz genre giving Fifth Element its unique voice. The repertoire of the band draws from the Great American Songbook as well as jazz standards covering the swing, ballad, latin, pop and hard bop genres. Our goal is to draw the audience in with musical treatments of this music that is listenable, accessible and engaging.

Our first album, "FIFTH ELEMENT"

Here is what our growing audience says about Fifth Element...

"Each time I listen to the performances of Fifth Element, I enjoy them more and more. You are a group of amazing individual musicians who manage to seamlessly blend traditional and contemporary tunes while the incomparable Nina weaves her lyrical spell! I look forward to many more chances to hear you."

-A.T.

"For those of you who have not yet experienced the unique and talented renderings of Fifth Element, you are missing a real treat. This is no "run of the mill" quintet but a blending of musical magic that is uncommon in the GTA. Do yourself a favour. Get off your couch and give them a listen."
